Circle Play is a great fun class suitable for all levels from beginners to advanced. During this class, you will learn a variety of techniques to make up the curved blocks. You will be amazed at the designs you can create with this one simple block. You will be taught techniques on piecing, applique and quilting.

In this class you will learn how to create your own unique design with the curved blocks or using the pattern to create a quilt similar to the picture. A template is available so the block can be pieced or appliqued, students will have the option of both, or mixing the two methods in the quilt.
